

How to add a link in the Course List module that will open in a new window:

1. Click on the gear icon in the course list module.
2. Scroll to the bottom of the screen to the section → Edit List of Courses on Other Systems
3. Edit the hyperlink at the bottom of this page for the URL link you want to create.
4. Copy the modified text (the entire line) and paste it into the Name box for the course line.
5. Leave the URL box blank.
6. Submit.

Code to Modify (copy entire line once edited):

```
<a href="http://www.google.com" target="_blank">Google</a>
```

- Change the red text to your URL. You must leave the http://
- Change the blue text to the name that you want to display for your link.
